## MR. LOUIS McCLURG'S STATEMENT

Upon interviewing Mr. Louis McClurg, # 333 Spring St., Trenton, N. J., who was the agent for Hall & Austin, owners of the property at 338 S. Broad St., Trenton, N. J., which was rented to Mrs. Jessie Easton, from April 26th, 1912 to April 8th, 1914, which place she used and conducted as a second hand furniture store until she failed in business in 1914. At no time did she pay a full months rent, always at different dates on the installment plan.

At the time that she failed in business she owed two month's rent. Willis P. Bainbridge, Coun-at-Law, was the lawyer for the assignee, he paying two months rent. The neighbors did not seem to have any use for her.

While living at 336 S. Broad St. she had a son and a daughter. The daughter was taken to New York to the home of Mrs. Easton's sister and never returned. Mr. McClurg, claims he does not know from where Mrs. Easton came upon coming to Trenton, or where she went when she left Trenton. She at one time asked Mr. McClurg what nationality he thought she could be, claimed that she was born on a ship bound for France, under the Spanish flag. This being about all that he knew, saying that he only wished he knew more about Mr. Easton as he did not take much to her stories and his personal feeling for the Hall family were that they were absolutely innocent.
